

Company Profile

Infrared Specialists

About Us

Enisave Solutions (Pty) Ltd started in 2013 and has evolved into a leading electrical engineering company that offers a unique range of services and total solutions to our customers.

We believe that every customer has the right to best quality products and service that is second to none.

Our services include compliance certification of electrical systems, specialising in thermal infrared scanning and reporting of electrical and mechanical applications, data recording and energy audits and analysis.

As market leaders in electrical maintenance in specifically the industrial and commercial sectors, we pride ourselves on the relationships we have established with our long-term and repeat business customers.

These relationships have been built over many years of quality and reliable service and is something we value very highly.

By taking the time to understand our customer's individual requirements we ensure we provide them with the best solution based on our technical knowledge and experience.

Our Vision

Enisave Solutions (Pty) Ltd serves as a catalyst in providing Solutions utilising innovative technology in order to transform the South African economy.

Our Mission

Our mission is to implement advanced innovative Infrared Solutions in ways that will add much value to our customers. We provide our customers with experience, quality, dedication, and professionalism and as a result have become a leader in the industry.

Infrared Specialists

Our Values

The following Values are the foundation upon which we base our work ethic, decision making and our customer relationships;

Integrity

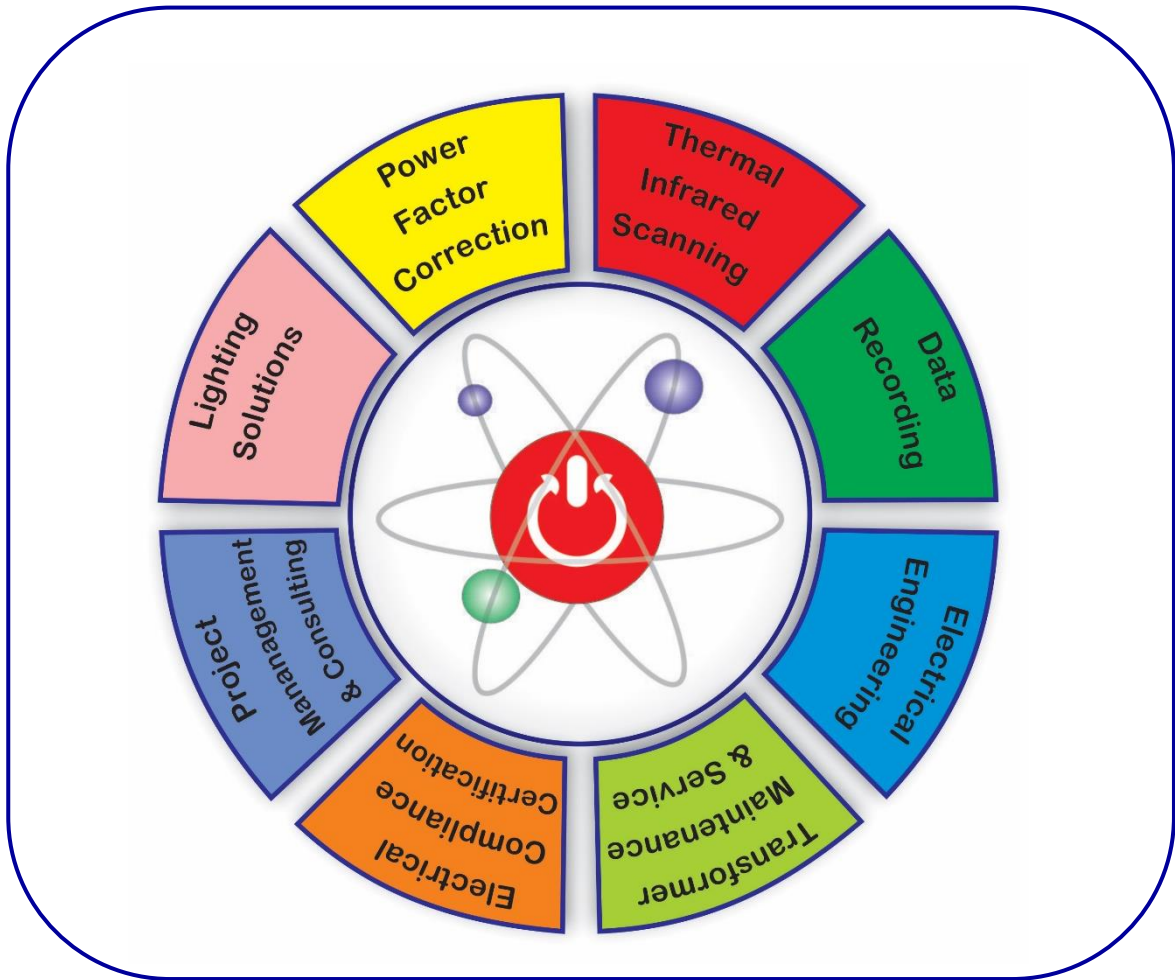

- We strive at all times to do the right thing in a reliable way which benefits our customers as well as our team. We demand consistent and unwavering integrity in everything we do.

	<p>Trust</p> <ul style="list-style-type: none"> • It is our belief and confidence in the integrity, reliability and fairness of a person or organization. We place a high value on people so that in a good relationship we can build together.
	<p>Partnership</p> <ul style="list-style-type: none"> • We really do care; we appreciate how our work impacts on our customers and our aim is to build solid relationships. Core to our business is a deep belief that we work collaboratively as a team and in partnership with our clients and our employees.
	<p>Diversity</p> <ul style="list-style-type: none"> • In a diverse work environment, it is essential to respect and appreciate differences in ethnicity, gender, age, physical abilities, sexual orientation, education and religion amongst employees of our own company and our customers organisation. We all contribute with diverse perspectives, experience, knowledge and culture.
	<p>Ingenuity</p> <ul style="list-style-type: none"> • Our company will always deliver a superior product. Our customers enjoy an experience that matches the quality of our solutions, time and again. Our expertise will surpass our words offering our customers complete satisfaction.
	<p>High Performance</p> <ul style="list-style-type: none"> • Our high-performance culture is a set of behaviours and norms that leads our company to achieve superior results by setting clear business goals, defining our employees' responsibilities, creating a trusting environment, and encouraging our employees to continuously grow and reinvent themselves.

Our Services and Solutions

Our goal is to provide our customers with the best quality products, services and solutions and with our team of experienced and passionate tradespeople and technicians, we pride ourselves on building great customer relationships.
